Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach a method for suppressing interference in an electrical signal that identifies samples of a first sequence based on a predetermined criteria, and downsampling the identified samples to generate a second sample sequence that forms a digital representation of the electrical signal in which the interference is suppressed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peguy JeanPierre whose telephone number is (571) 272-1803. The examiner fax phone number is (571) 273-1803.
